Training for rural youth

ITANAGAR, Oct 17: Krishi Vigyan Kendra, Momong, Lohit Arunachal Pradesh conducted a two day training programme on "Vermicompost production technology" for the rural youths of Juna Kachari village from Oct 15. A total of 30 rural youth were present in the training.

Debasish Borah, SMS (Agronomy) thoroughly discussed about the concept of organic manures particularly vermicompost, its importance, materials required, cost of production. He also discussed about the detailed procedure of vermicompost production and utilization of available crop residue and bio waste for productive purpose.

In the second day practical demonstration was arranged and the farmers took active part in the practical session. Vermicompost production tank using bamboo was prepared by the participating farmers including release of Earthworm mother culture in a small unit prepared in the house of Maheswar Sonowal a progressive farmer of the village. The farmers agreed to look after the unit and use the technology themselves.
