Training on mustard production technology

ITANAGAR, Sep 28: Krishi Vigyan Kendra, Momong Lohit conducted a training programme on "Scientific cultivation practices of Mustard" and "Integrated Pest Management in Mustard" for farmers of Juna-I village from Sept 22. A total of 34 farmers were present in the training.

Debasish Borah, SMS (Agronomy) discussed about the concept and importance of mustard cultivation, HYV in Mustard, INM in Mustard, intercultural practices, preservation and cost of production of mustard.

Madhumita Sonowal Bora, SMS (Plant Protection) trained the participants about the various methods of pest management in mustard. She also spoke about control measures of commonly found pests and diseases in Lohit district. During the training, problems faced by farmers in various crops were discussed.
