Scientific Management Practices of Mithun production

ITANAGAR, Nov 14: Krishi Vigyan Kendra Lohit in collaboration with Agricultural Technology Management Agency (ATMA) organized training for farmers on "Scientific Management Practices of Mithun production at Pokhari village of Wakro circle yesterday.

M.Chawlo, DTO cum PD ATMA Lohit motivated the mithun owners not only to rear the animal as sacred animal but also for getting economic benefit from its meat and milk.

Dr. PK Mallick, Program Coordinator KVK, Lohit presented a power point slide on rearing mithun for both milk and meat and its value added products like dried mithun meat powder (Chuvi), Meat Patties, Lassi and burfi prepared from mithun milk, leather items and many more. He also gave detailed about Breeding, Feeding and Management of Mithun in a scientific manner.

Dr. Monalisa Longkieng, SVO, Chonkham provided details about various diseases in Mithun and Cattle like FMD and their preventive measures.

Farmers were also educated on scientific potato cultivation and sample collection for Soil testing.

Ninety-seven Mithun owners of different village like Pokhari, New Pokhari and Mawai including GB S.Mam of
