Training cum interaction prog for farmers

ITANAGAR, Oct 09: Agricultural Technology Management Agency (ATMA) Lohit, Kheram in collaboration with Krishi Vigyan Kendra (KVK), Momong, conducted a district level training for farmers and interaction programme at Kherem today.

ATMA project director M Chowlu discussed the problems and prospects of Rabi crops cultivated in the

area while KVK programme coordinator Dr. PK Mallick spoke about dairy management in scientific manner.

Subject matter specialists in Agronomy and Horticulture of the KVK thoroughly discussed about scientific cultivation of mustard and the concept of INM in mustard, types of manures and fertilizers and their proper and judicious utilization.

Discussions were also held on management practices of ginger, turmeric and its related problems. Farmers were also detailed about scientific cultivation of potato for higher production.

Various doubts and queries of the farmers were cleared by the resource persons during the interaction session. Thirty-two farmers attended the programme.
