

# Farmers Scientist Interaction Programme in Namsai District

November 11, 2016

**ITANAGAR, Nov 10:** Krishi Vigyan Kendra Lohit in Namsai district organised two days farmer-scientist interaction programme at Alubari and Naputia village on November 9 and 10 sponsored by ATMA Namsai.

Scientists from KVK, ICAR-Research Centre for NEH Region, Basar and 35 farmers along with ASM, GB attended the programme.

The scientists taught the farmers on cultivation practices of pea and mustard and also educated them about various diseases in vegetable and their preventive measures and management tactics.

Seeds of pea and mustard were also distributed to the farmers.

The farmers were also made aware about the new backyard poultry variety "Kamrupa".

Dr. Debasis Sasmal, PC i/c, encouraged the farmers to come forward and have more advantage from KVK to uplift their socio-economic condition.
