Training cum demonstration program on milk production and its processing

Itanagar, Dec 18: Krishi Vigyan Kendra, Lohit under ICAR – NRC on Yak organized three days training cum demonstration programme on milk production and its processing techniques at Khowji, Mahadevpur-iv and Kumari Khamti villages under Lekang circle of Namsai district from Dec 15 to 17 last. During the programme, tribal farmers were imparted scientific knowledge on dairy farming as livelihood security. The training covered all the management aspects that ensure the good milk production from dairy cows such as housing, scientific feeding, time reproduction and reproductive management and health management. During the programme value addition in milk, a method of paneer making was also demonstrated. A total of 90 farmers including ASM, GB and Chairperson of the respective village panchayats participated in the programme.
